ALMA MATER

God bless thee, dear Dunbar, thy radiant star,
Like the sun of the morning, illumining far,
Shall strengthen and hearten and quicken with life
Minds fettered in darkness, hearts deadened by strife.

Thy sons and thy daughters, firing torch from thy flame,
Go forth with their banners aloft in thy name.
We pledge, Alma Mater, with heart and hand and breath.
Eternal devotion, come honor or death

With faith in thy mission, in self, in the All,
And loyally serving humanity's call
For justice, God's justice ev'n handed, open eyed
For love universal – no creature denied.

Thy precept in action – self poise, self-control –
Nerve answering to will, steady onward to goal;
Truth, Brotherhood, Temperance, thy standards unfurled
Come, pledge loyal service – Dunbar for the world.

FOREWORD

A lump in the throat, an unseen tear, a hope and a prayer — all of these happen as the senior takes that last walk down the aisle. It is "the day" that was the future and now is the present. Now is the time to "do" and to "use" what we have learned.

The registration, the chats in the hall, the term papers, the sorrows and the joys — all of these are behind. But a bright and sunny future is before us — a future that wants all the good and the service that we can and must give.

The past years have built young men and young ladies who are able and willing to take their place in society. The knowledge gained and the experiences enjoyed will be a vivacious part of our daily lives. The crimson and black of our school colors will be an emblem of building, growing and achieving.

As we remember that "Today is Today — Now is Now, and Tomorrow, Today will be Yesterday" — the lump, the tear, the hope and the prayer mean one goal reached. Now we are prepared for our next goal in life.

The goals of English have not changed, but still remain predominately the same, i.e., students should become proficient in the communication skills: reading, writing, listening and speaking. The over-all plan is to teach both the basic and advanced skills in these areas. It is an aim in reading to raise as high as possible the reading level of each individual within the given time. A primary purpose of writing is to adequately equip the students with this skill.

The Social Studies Department is endeavoring to make the students become actively aware of today's changing society. The ultimate goal is to involve the student in the learning experience. It is hoped that students will realize that in order to understand today's problems one must be familiar with yesterday's problems.

The Science Department attempts to initiate a meaningful program designed to give the student a clear understanding of certain basic principles in the various subject matter areas. There is a systematic move toward academic excellence, as the subjects Chemistry, Biology, and Physics are treated comprehensively.

The Science Program emphasizes learning so as to enable the student to move from one plateau to another.

Statement of Objectives or Goals in
Health and Physical Education – Dunbar High School

Physical education is that phase of the educational program which should aim to develop the whole individual through participation in a program of motor activity. We try to design a program that will provide opportunities for our students to develop physically, mentally and emotionally, and it is planned with the overall consideration of the present and the future needs of our students. It is flexible and contributes to the general improvement of students to permit them to function efficiently as responsible citizens in the society in which they are to live.

The Goals of Health Education

1. To improve individual physical health through/knowledge of health and self direction.
2. To help students to understand himself and others in terms of physical, mental, emotional, social, and moral well being.
3. To create an awareness of individual and community health problems that affect the student's well being and his relationship to these problems as a citizen now and in later life.

Home Economics

The Home Economics Department aims to provide a series of meaningful experiences in Homemaking Education in order to stimulate individual students to understand the value of a wholesome and satisfying home life. Our aim is that each student will accept the responsibilities of home making, and thus be able to contribute to a happy home.

The Art Program

In general the Art Program aims to give the student a better understanding of the place of Art in the cultural and actual opportunities for expression and participation.

1. a study of Art history and the impact it has had on the spirit of man. How it is used to express mans hopes and frustrations.
2. To become involved and multiply Art experiences inside the classroom.
3. To stimulate interest and nurture a critical dialogue about the meaning of Art to each individual.
4. To awaken challenge to become involved in a continuous experience for now and always.
5. To awaken realization that all great Art has some common factors:
   Timelessness
   Universality
   Aesthetic Meaning

Aims of the Music Department

1. To offer an outlet for expression either vocally or instrumentally.
2. To offer beginning training in keyboard instruments.
3. To develop understanding of the basic fundamentals of music.
4. To develop adequate technique in the Chorus instrument-instrumental or vocal.
5. To study, understand, and appreciate the content of music and specifically standard works and respective composers.
6. To develop the theoretical study of music.
7. To provide frequent opportunities to perform at school and away before appreciative and sympathetic audiences.
8. To increase interest and appreciation in concerts and festivals.

DUNBAR COMMUNITY SCHOOL

MRS. FRANCES HUGHES

PRINCIPAL

DUNBAR COMMUNITY SCHOOL

A new program moved to Dunbar in September which extends the regular school day from 3:15 to 9 pm. For the time being it is known as the DUNBAR COMMUNITY SCHOOL. Hopefully, however, it will become but one of the strong links in a chain of programs now being developed here which will make Dunbar a true community high school whose facilities are available around the clock, around the week, around the year. Its purpose is to serve as a center for education, recreation, neighborhood services ans community life.

Education

Children and youth are tutored where they need help; take work for enrichment and advancement; and they make up failures, thereby winning promotion or graduation.

The **only** evening classes in the city in Braille and other studies for the visually handicapped are offered in the Community School. We regularly prepare the blind for their high school equivalency certificates and to enter local colleges.

Sighted Adults and senior citizens also attend late evening classes in various school subjects, the arts and vocational skills.

Recreation

In addition to a very popular recreation program for children supervised by the recreation Department, blind, and other adults engage in ballroom dancing, various fun games and social activities.

Neighborhood Services

This is an area that needs to be developed.

Community Life

Community School facilities are available for use for various activities; such as neighborhood forums, Community Theatre, Community Band, and the like.

Should I boast or bragg . . . Since I am undecided I will do both. We finally accomplished our goal . . . "a winning season." Dunbar had a 5-1 won-lost record at the close of the regular season — co-champions of the Western Division. Dunbar was unfortunate in the play-offs losing to Cardozo 14 to 8. Overall record was 6-2-1.

The season was a rewarding one for the players also:

All-Metropolitan:

Arthur Tucker — Senior
Dwight Williams — Junior

All-Interhigh:

Arthur Tucker — Senior
Dwight Williams — Junior
Cornelius Greene — Junior

All-High West:

Glen Womack — Senior
Ronald Jackson — Senior
Arthur Tucker — Senior
Jimmy Jones — Senior
Barry Shelton — Senior
Cornelius Greene — Junior
Dwight Williams — Junior
Donald Murphy — Junior

Peeping at the above selections, you can easily see why we were successful? The team was one unit, the coaching staff another. Mr. Bell, Mr. Aronson, Mr. Ferrell and Mr. Romanus George. We all worked hard from the beginning to the end.

Now, I must say "au revoir" to my "hard working" seniors. Good-bye and good luck in your future endeavors: Authur Tucker, Ronald Jackson, Jimmy Wilson, Andre Morgan, Jimmy Jones, Darryl Jones, James Watson, Barry Anderson, Melvin Ellis, Thaddeus McCoy, William Gywn, D. O. Caver, O. Goins, Fred Baylor, James Robinson, Glen Womack, and Timothy Winston.

Special recognition to Faye and Kaye Christion — Statisticians — Keith Byrd, Charles Murray, James Carter, and comedian water-boy, L. C. McClam.

TO THE GRADUATES—

YOU HAVE ATTAINED A BEAUTIFUL AND WORTHWHILE GOAL IN YOUR LIFE. REMEMBER "IT'S NOT HE WHO GOES FIRST THAT MATTERS, BUT THAT HE WHO ACHIEVES, RETURNS TO PASS TO THE OTHERS, THE KNOWLEDGE, THE STRENGTH, THE WAY, SO THAT ALL MAY BE FREE".

An Ode to the Class of "71"

Quickly we must climb aboard,
The ship will wait no more.
We must leave now this snug harbor
And embark for a strange, new shore.

We must leave that which is familiar
And sail toward what is new.
So powerlessly we watch and wait,
As our harbor fades slowly from our view.

Straining, we try to recapture,
The moments which are slipping away.
But the progress of the ship is steady.
Only memories are left with us today.

We should not linger at the stern,
For we must hurry to the bow.
Only there, we may hope to catch a glimpse,
Of the new life which beckons us now.

What will this new life mean for us?
What events does it secretly hold?
Only God knows the answers,
Which He will in time unfold.

For God is the wethered pilot,
Guiding always our ship of time.
And in His wise hands lies the destiny
Of the crew, which is Mankind.
